

# CURRICULUM VITAE

MAURINE CHEBET

## PROFILE

I'm a self-driven person, competitive, creative, problem solver, team player and malleable learner. As a computer scientist, I'm patient in what I do because I know that patience is key in achieving any task. I also accept correction and guidance in places I'm not good at and above all I fear God and believe in integrity.

- Enactus <sup>TM</sup> National Exposition 2021 July 22nd-25<sup>th</sup> – Nairobi, Kenya  
-Attended as an innovator on the theme: Business Transformation through digitalization

#### **COMMUNITIES I HAVE WORKED WITH**

- Enactus UoE- A community that deals with entrepreneurs to make this world a better place through use of digital means. I was the secretary and helped out in tasks like event organization and implementation of the projects being done.
- Startup Grind Eldoret Chapter- This community aims at giving startups education, opportunities and the access they need to build, grow and scale their company.
- Heart of Diamond- works with children's' home and the aged to help in providing basic necessities such as food. Participated in event planning to children's' home and resource mobilization geared towards helping street kids in Eldoret.
- UEESA- Actively gears for environment protection. Took part in championing for environment protection by planting trees, educating people on environment protection, environment cleaning and wetlands restoration.
- Work Her Dream- This NGO aims at supporting the girl child stay in school by providing them with sanitary towels and the education surrounding menstrual hygiene. It also covers areas like mental health. I was working in the field helping educate girls' concerning menstrual hygiene and conducting mental health screening.

#### **Work experience**

- I did my attachment at EldoHub starting September (2021) to November (2021), a period of three months.

- I worked at EldoHub from December (2021) till June (2022) as a technical trainer. I trained kids on web development, online safety, animations, game development, digital literacy and graphic design. I also trained teens and adults on computer packages and digital literacy. I performed other duties such as documents scanning, printing, filing, helping out with content generation for social media and creating posters.
- I worked at Overdrive Mombasa (ODC) from November (2022) to June (2023) as a technician. My tasks involved installing, maintaining and repairing hardware and software components of the company's computers. Supporting the company's clients systems through remote access or site visits as needed by management teams within their company. Servicing UPS and Epson printers, mail configuration and router configuration.

#### **HOBBIES**

- Nature walks
- Socializing
